Mr. and Mrs. Elmer Faulkner, who moved to Leadville, Col., a short time ago, had the misfortune to lose their baby on March 25th. The little one was strong when they left here. It is supposed the change of climate was too much.

The "New Century," Galena's fine new hotel, was opened to the public on Monday of this week. It is one of the best hotels in this section of country and the owner, Mr. W. F. Sapp, has given Galena some thing else has long needed.

Spring house-cleaning in your system satisfactorily conducted by Beggs' Blood Purifier, the great Spring tonic and system renovator. "It gave new life to me and I never lose an opportunity of praising its merits," says C. E. Wilson, Pine Bluff, Ark. DeWitt & Thompson.

Mr. Willis' opponent has a newspaper to help him out, and we want to say right here that the spectacle of a man running for office who runs a paper and booms himself through that paper, thus taking an unfair advantage of his opponent, is something we have never before seen in all our experience. Such methods are making Mr. Willis friends, however, so let the booming go on.

Mr. Polster, of the corner drug store says the christian people will support his candidates because he donates to the churches. The News claims that it is not Mr. Polster's credit that he donates to the churches and brags of it. Men engaged in the same business as Mr. Polster usually donate to the churches. But it is a mighty poor way to find favor in the eyes of the Lord. The recording angel is no doubt looking after Mr. Polster's deeds. Mr. Polster should remember that "the wicked stand in slippery places."

A representative gentleman of the Indian Territory was in Joplin Thursday for the purpose of building a railroad to extend southwest from Joplin through Quapaw, Peoria, Cherokee and Creek nations to Oklahoma. The main object of the road would be to tap the great coal fields near Oklahoma, but incidentally it would touch some of the richest farming and stock raising districts in the Territory. It is designed to have the line cross the "Katy" somewhere in the vicinity of Wagoner, I. T.—Joplin News-Herald.

Charles Willis, who is going to be re-elected clerk by about 150 majority is a man who all the voters know has done his whole duty as clerk. He is making a gentlemanly caucus and winning friends by the score. Mr. Willis, as we have said before, is not a ring politician and consequently is under no obligations to the ring. We say, and we know whereof we speak, that Mr. Willis has made the best city clerk Baxter Springs ever had. He has a large family to support, is a taxpayer, has the city's interests at heart and will do as he has in the past—his duty. He is going to be re-elected. Better get in line and help swell his majority.

W. M. Gill, who has made the best marshal Baxter ever had, and who, by the way, is going to be re-elected, was pretty mad last week. An animal in human form dragged Mr. Gill's mother's name into the marshalship contest and Mr. Gill was compelled to call him down. It is not necessary to name the animal. He has always fought Mr. Gill because Mr. Gill prefers to be marshal for the whole town rather than for any particular part of it. Mr. Gill should have given the animal a thrashing, but no doubt it is just as well he didn't. Mr. Gill's mother is a dear old lady and he is much attached to her and we don't blame him for getting his dander up. But such are the tactics resorted to by Mr. Gill's enemies.

OBITUARY.

On Monday evening Mr. S. B. Galley, who lives in Warwick Place addition, went to bed in apparent good health. One of his sons slept with him and upon awakening the next morning found that his father was dead. The old gentleman passed away sometime during the night. Coroner English viewed body and decided that death resulted from natural causes, probably heart failure.

Deceased was sixty-one years of age and a highly respected old gentleman. He leaves grown children.

Funeral services were held on Wednesday of this week and the remains interred in the Baxter cemetery.

Mr. Galley was a member of Ancient Order of United Workmen and carried \$2,000 insurance in that order.

Mr. and Mrs. Gaba have the sympathy of the entire community in their affliction.

JOHN A. LOGAN.

The steamer "John A. Logan," which general manager C. E. Collins bought for the Inter-State Reunion Association last week, is a fine one. It is a gasoline launch thirty feet long over all, will draw only twelve inches of water and will carry thirty passengers. The boat will ply on Spring river adjoining Camp Logan. Mr. Collins went to Racine, Wisconsin and personally inspected what he bought.

Mr. Collins informs us that many other attractions will be secured for Camp Logan. The park will be formally opened about the first of May.

CEMETERY NOTICE.

The monthly meeting of the cemetery association, which should occur Tuesday April 3, will, on account of the city election coming on that day, be postponed until Tuesday April 10.

The meeting will be held in the library room at 2:30 p. m.

On Monday of this week Sheriff Sparks and his deputies arrested the jointists of Galena and that town is now "dry." The jointists arrested are Chas. Kelley, Louie Jacobs and Riley Robertson.

Marshal Gill picked up a couple of runaway children Sunday evening. The children live in Lowell and were bound for Osborn county, Kansas, where they said their grandmother was sick. The children were Webster Whitman and Hannah Whitman, aged eight and ten years respectively. Mr. Gill took the little ones to his mother's where they remained all night. The next morning he took them home. It seems to be a case of an unhappy home, where, possibly, the children are not treated as children should be. Mr. Gill says the children are polite and smart. Children are not apt to run away if they are treated right at home.
